EDUCATION

University of Montreal

Bachelor (B. Sc.) Computer Science

2020 - Expected May 2023

Saint Joseph University

First year degree IT applied to Business

2019 - 2020

EXPERIENCE

Lead Quality Assurance Tester

October 2020 - Present

StarDust Testing CTG Group

- Undertaken accessibility audits on websites and PDF following WCAG 2.0 AA standard and reported audit findings.
 - Reducing the need for manual execution in accessibility audits by 50% using selenium.
 - Worked in a fast-paced, agile environment with a focus on CI/CD and continually partook in sprint retrospectives to strengthen the team, agile, and QA processes.
 - Improved quality of 50+ websites by finding, documenting, and reporting problems or design defects.
 - Kept track of bugs and defects while communicating them to development teams, helping with problem resolution.
- Customer references:** Fizz, Videotron, Bombardier BRP, Structube, Rona, Couche Tard (Circle K), ADI Int, Joseph Ribkoff...
- Accessibility references:** Hydro-Québec, European Parliament...

Digital Marketing Lead

July 2018 - May 2020

Cuisine d'Or Catering

- Taken my family's business online by setting up an online identity featuring branding, a website, social media, and search engine optimization (SEO).
- Converted the traffic to more than 50 qualified leads (including Interpol and an Embassy). Analyzing the results and creating reports.

WORKSHOP AND PROJECT
